

FULL RENOVATION · TURNKEY

MHouse

From an outdated apartment to a warm, elegant and fully functional home.

Project dossier · NSG Interior Design & Projects

THE PROJECT

A turnkey home.

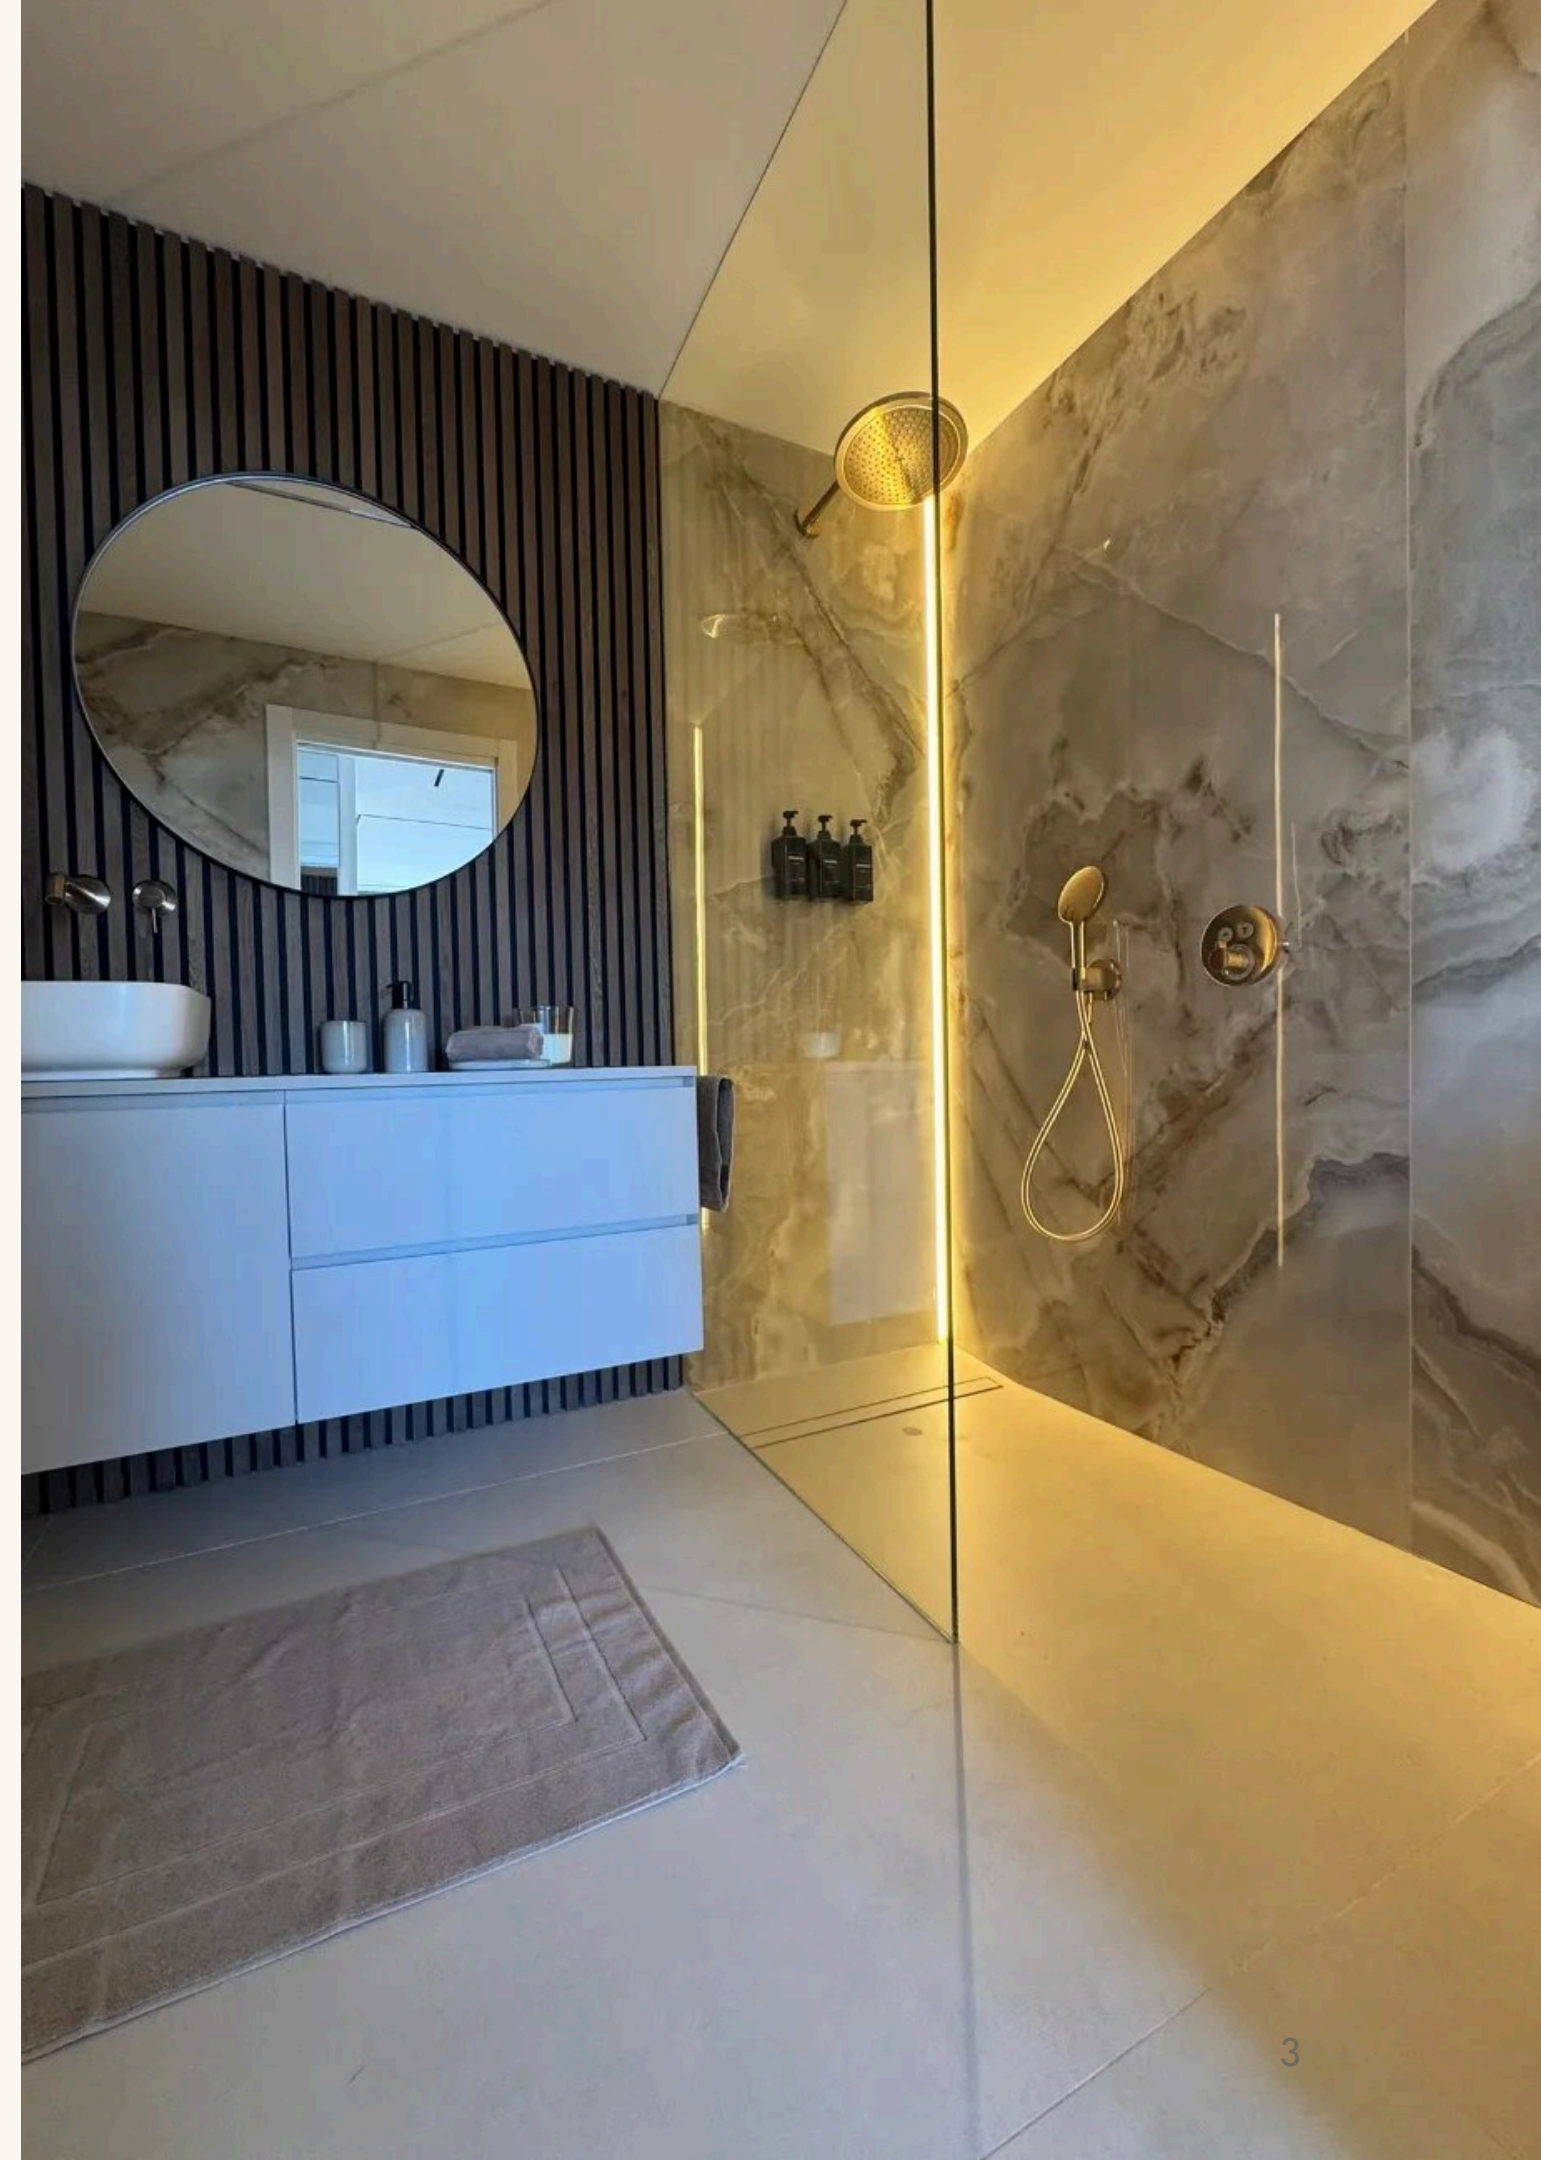

The starting point: an outdated apartment — kitchen-living room, bedroom, bathroom and terrace, according to the existing-state plan — with finishes and fittings from another era.

The result is a bright, contemporary home where function, comfort and aesthetics come together: every detail designed to make the most of the space, enhance natural light and create a welcoming atmosphere.

WHAT NSG DID

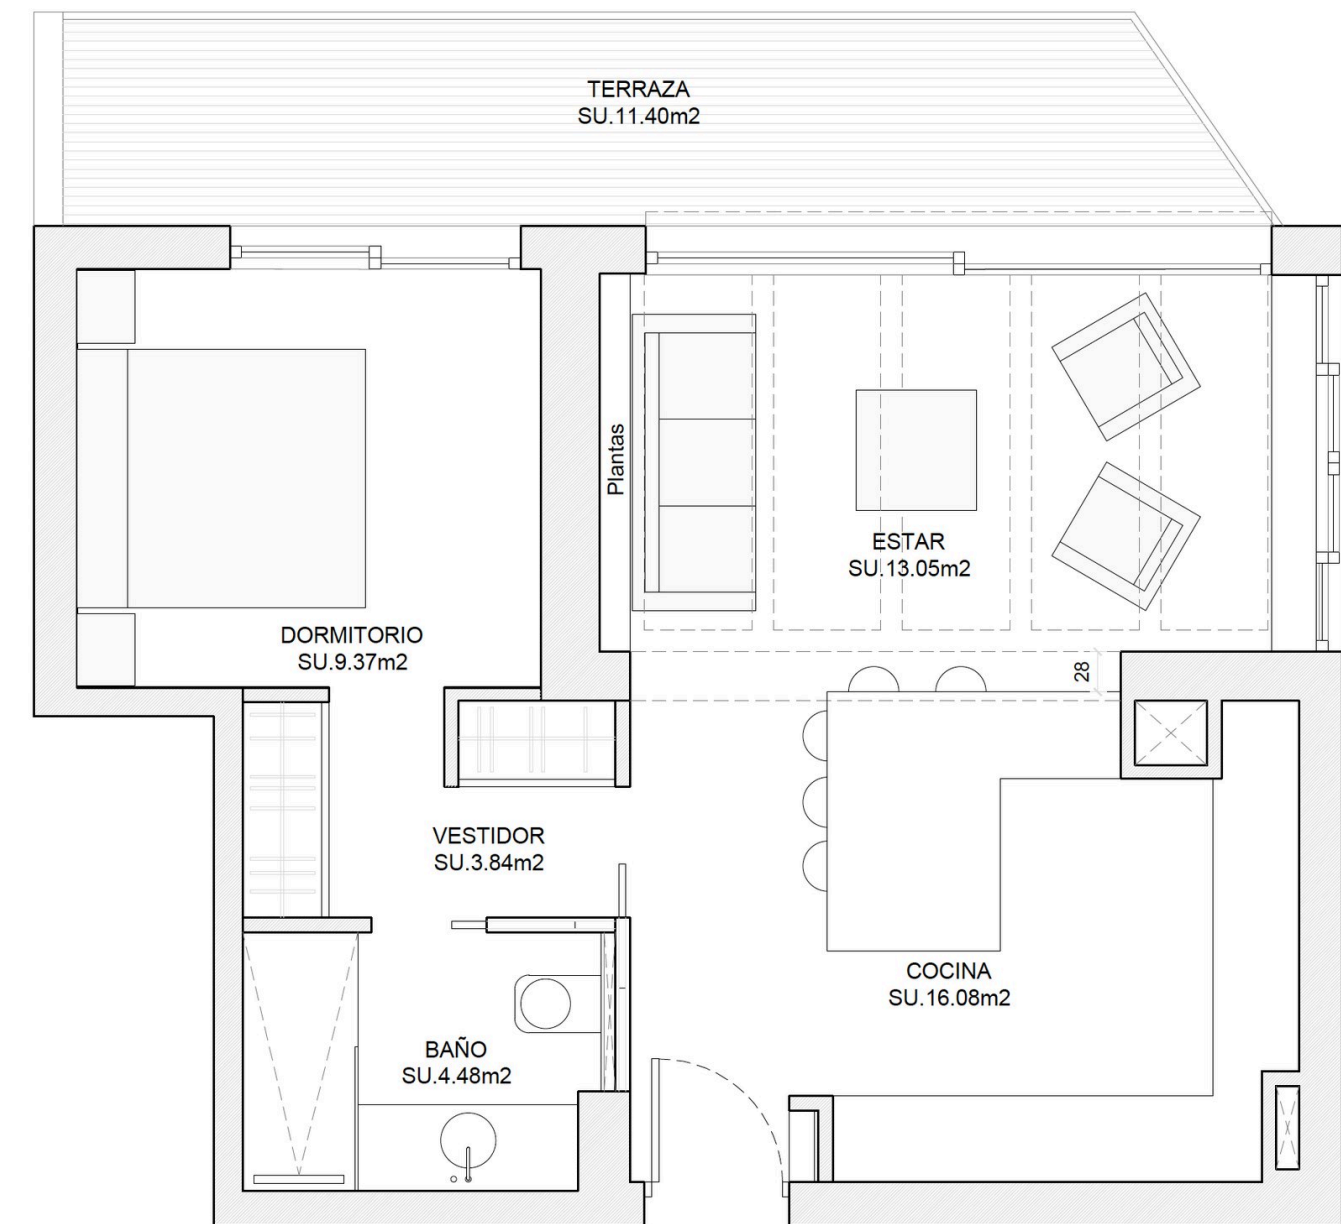

- 01 Complete layout redesign to optimise space and improve flow.
- 02 Full renovation of the entire apartment.
- 03 New electrical, plumbing and finishing installations.
- 04 Tailored interior design concept.
- 05 Complete furnishing and styling.
- 06 Warm earth-tone palette and carefully designed warm lighting.
- 07 Turnkey project, ready to move in.

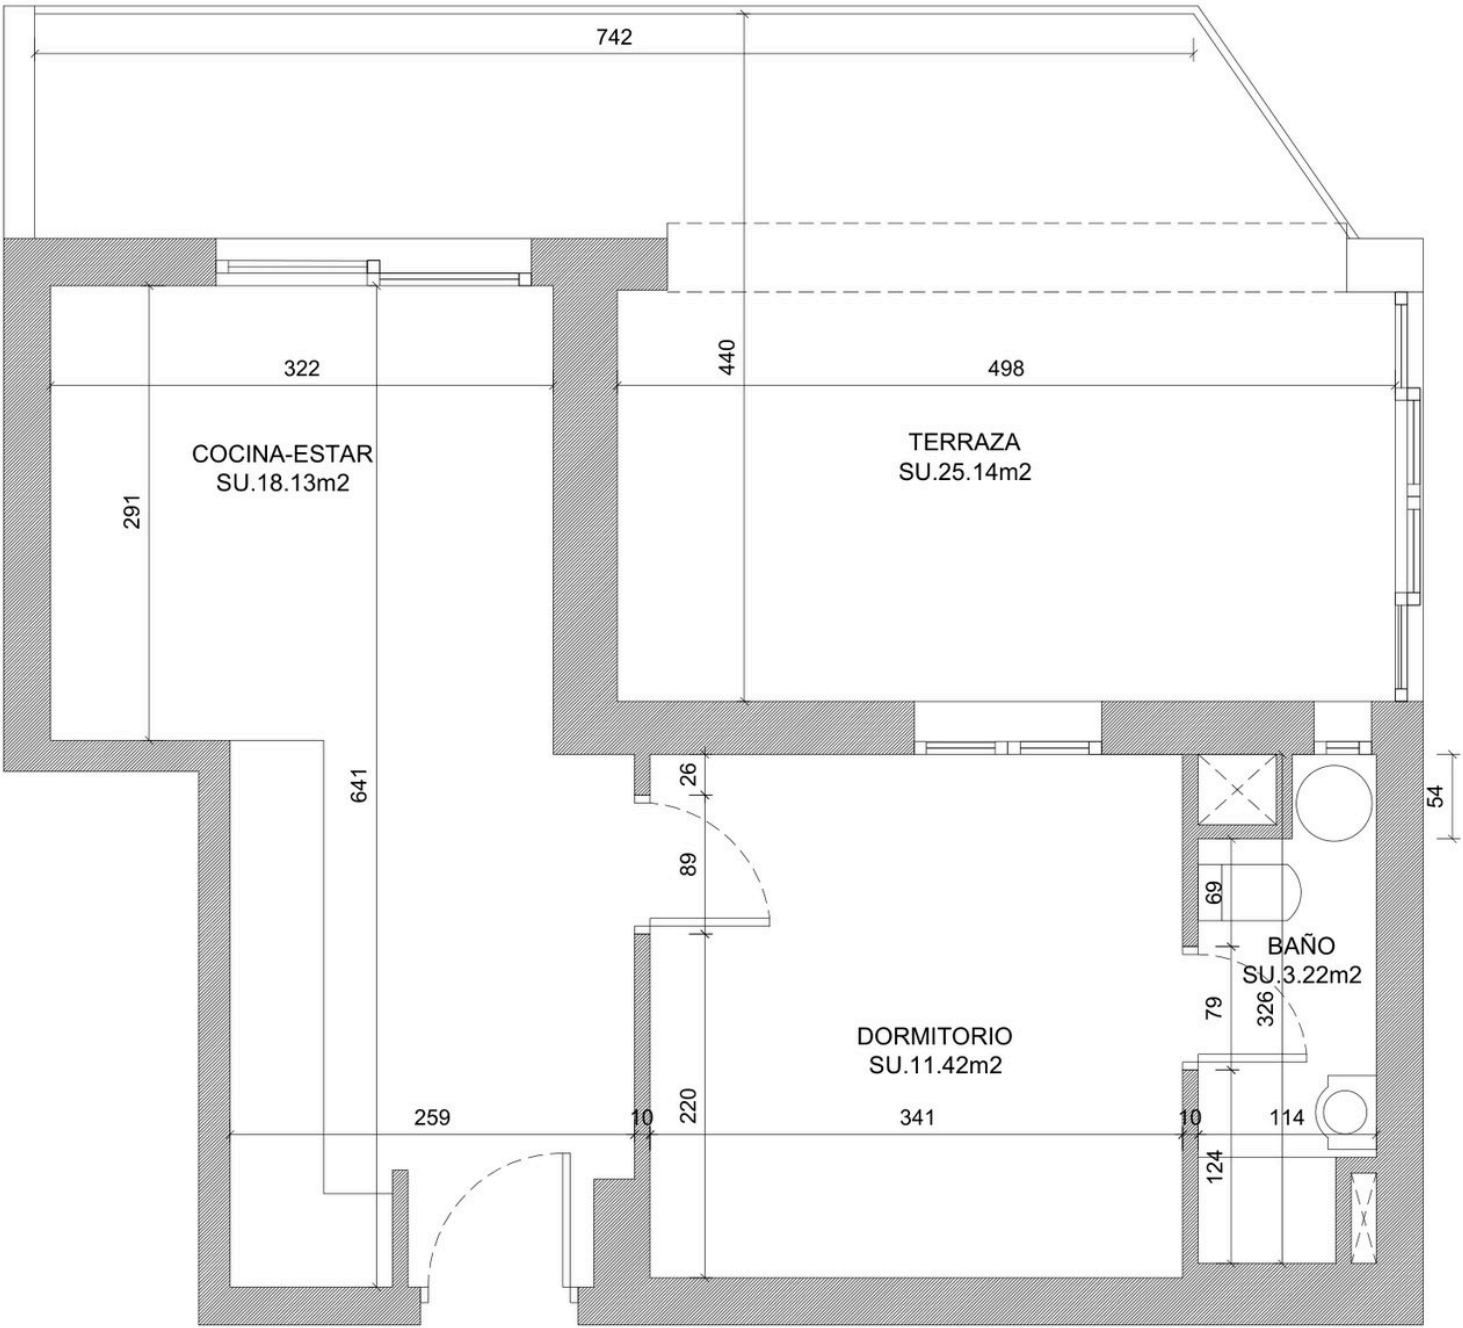

CONCEPT AND MATERIALS

From plans to *home*.

The project starts from a survey of the existing state and a new layout. Premium materials throughout, a warm earth-tone palette and carefully designed warm lighting to create a cosy atmosphere.

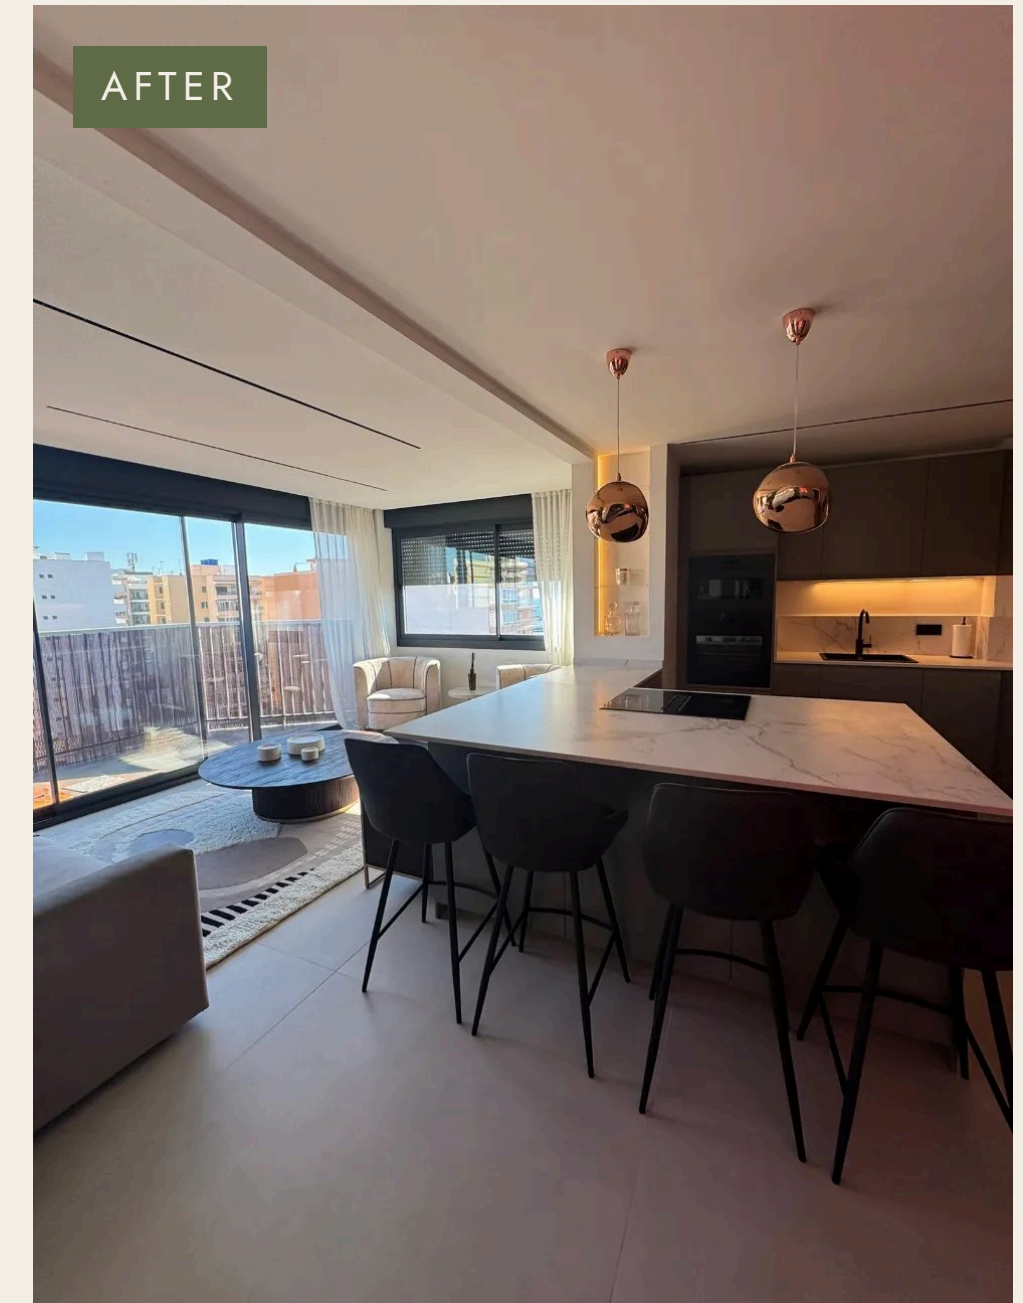

PLAN

Existing state, with dimensions

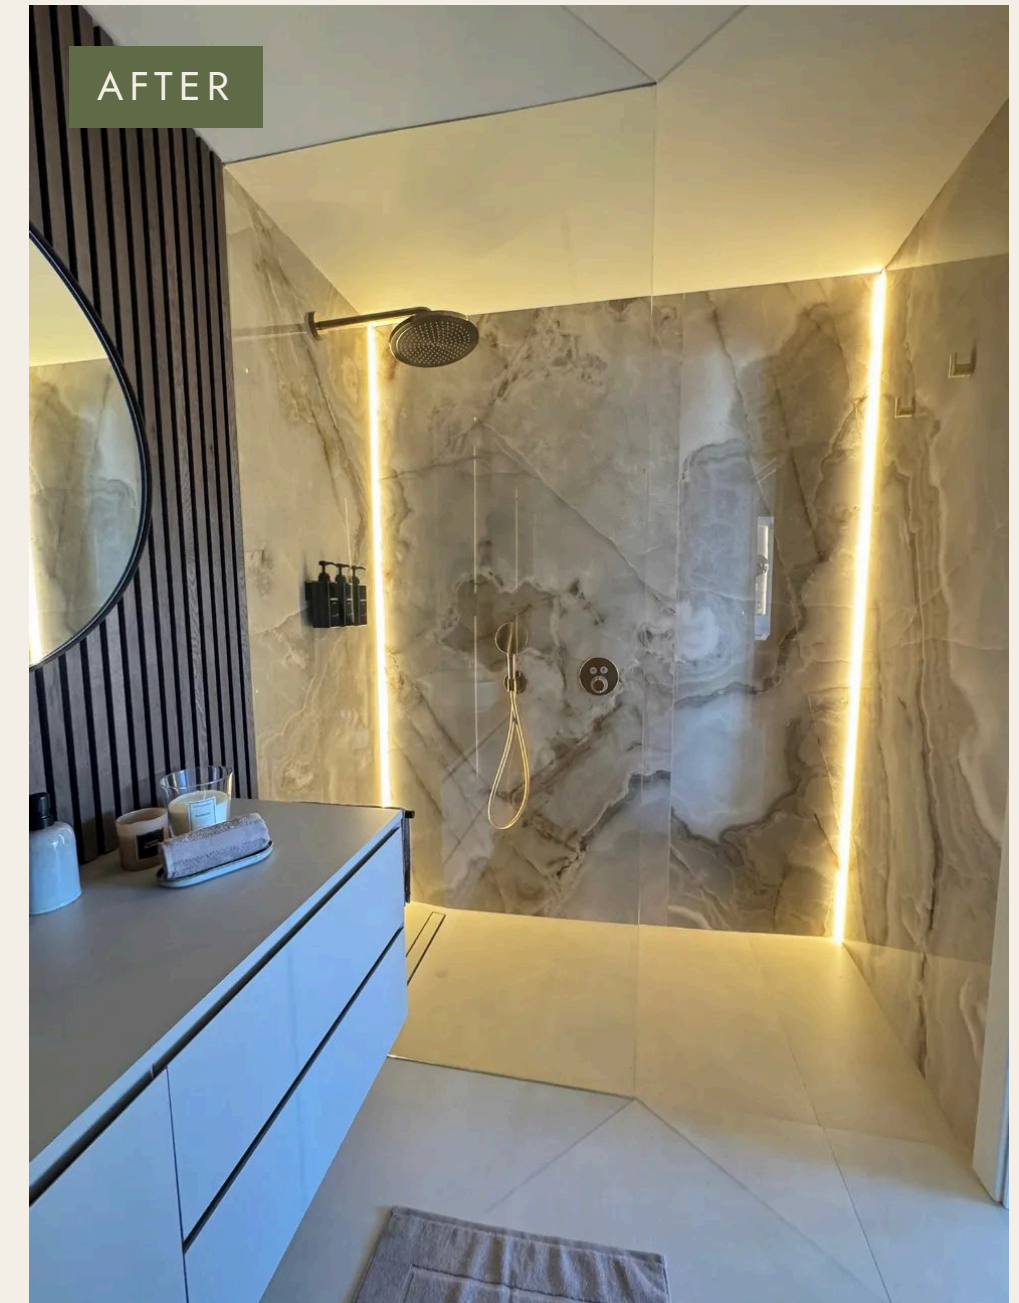

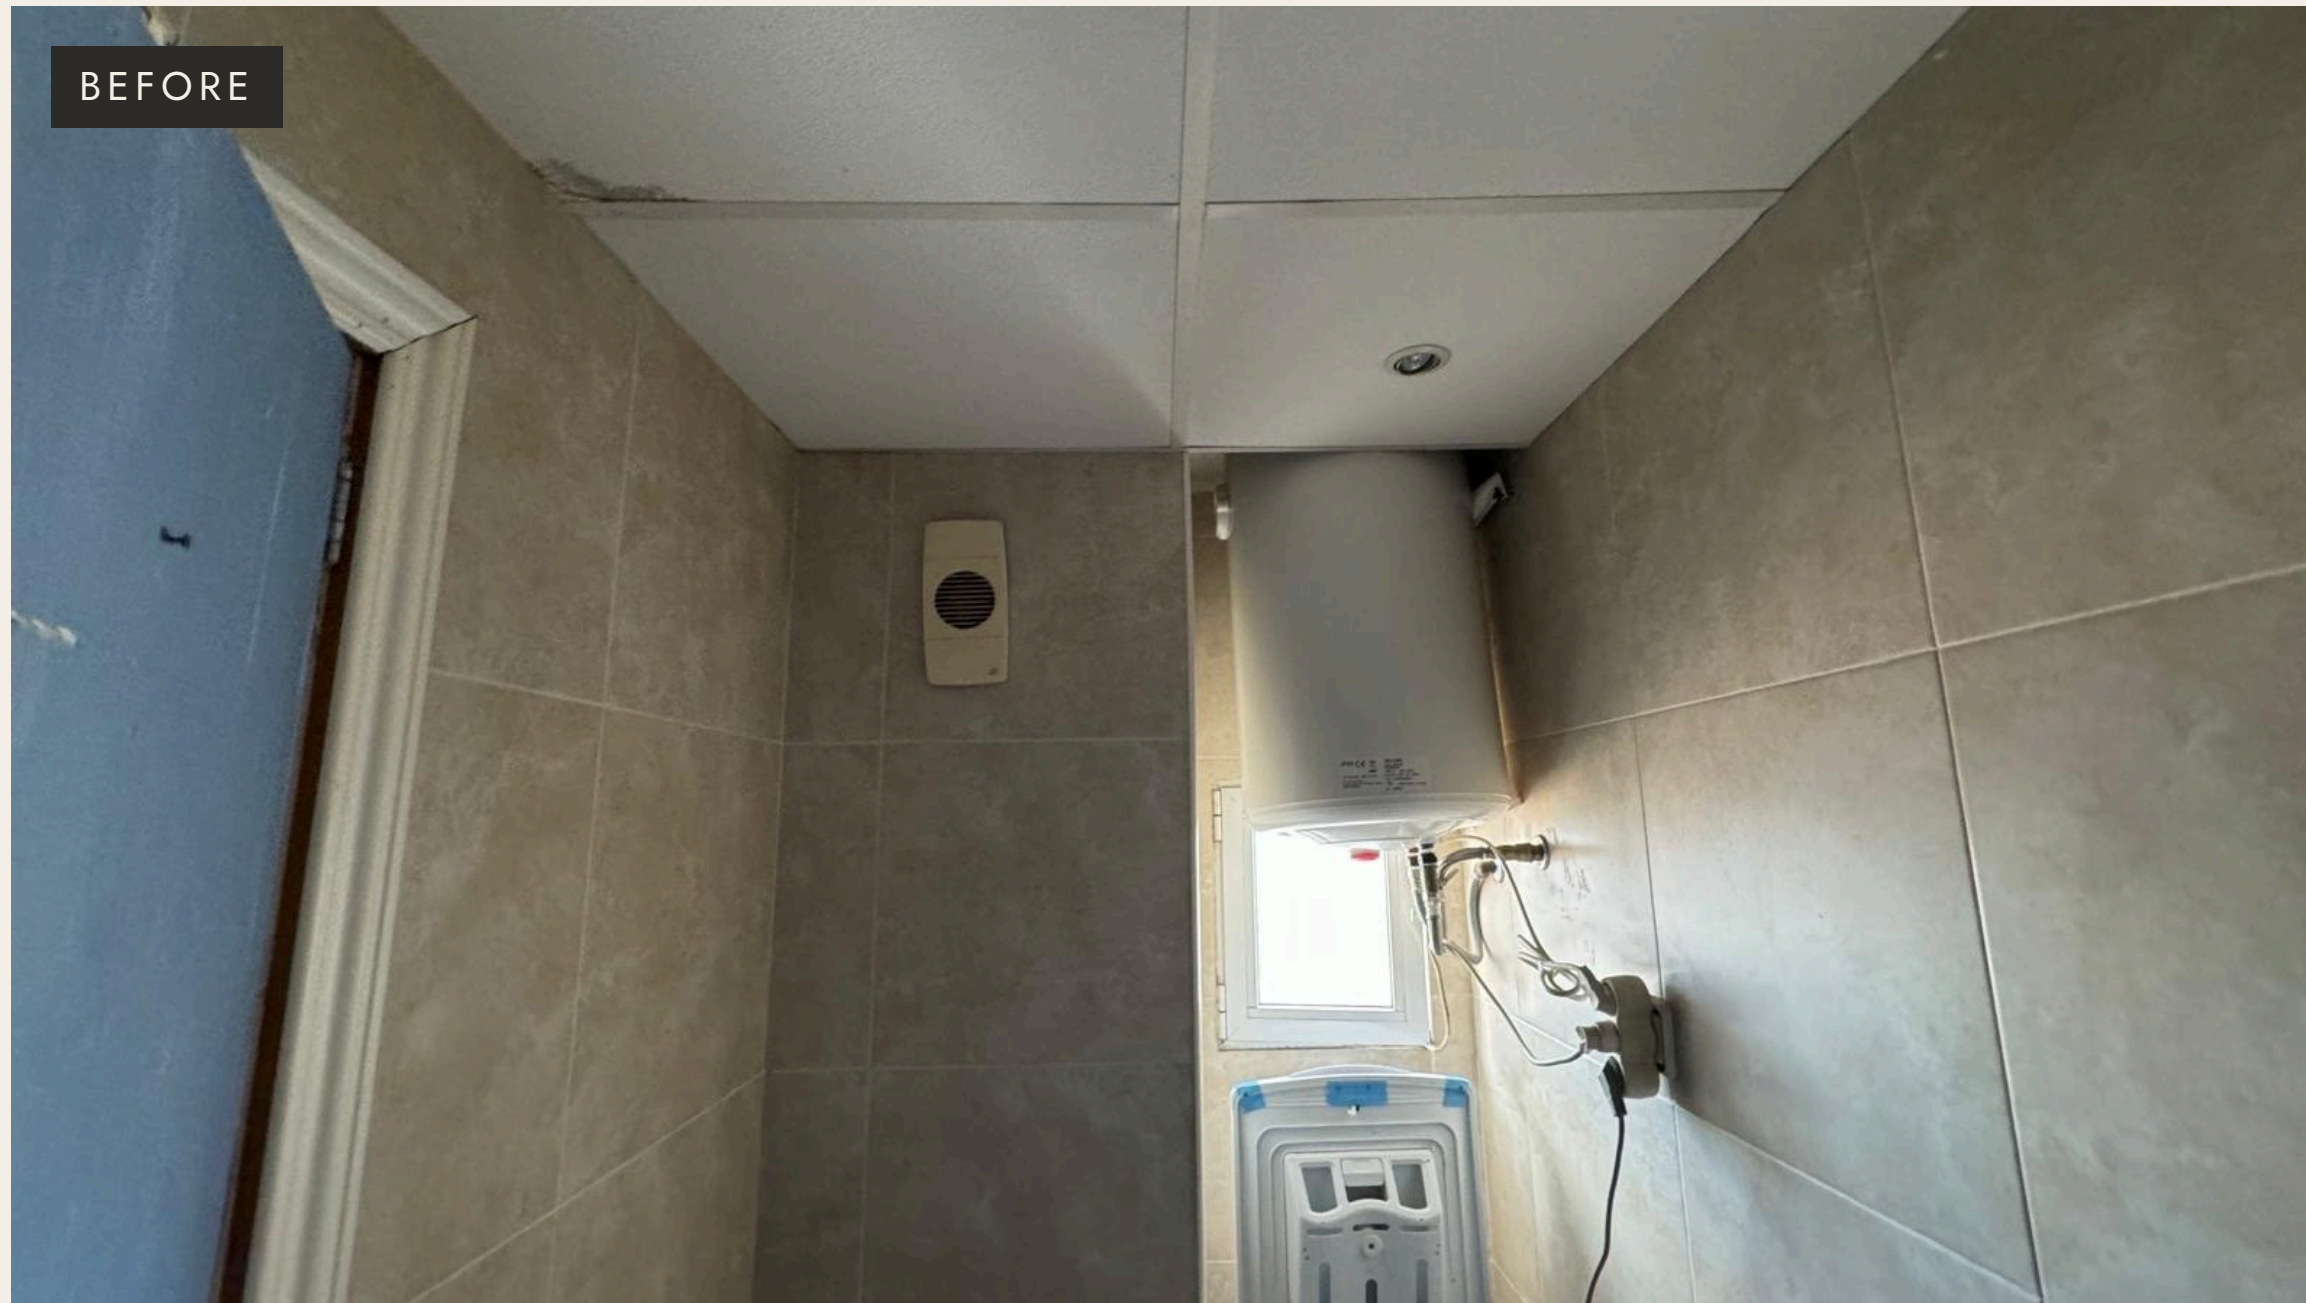

BEFORE AND AFTER

The kitchen, open to the living room
