THE PROJECT

Working among *gardens*.

An open-plan office floor at Parc Bit, with raised floor, suspended ceiling and coloured walls, to be turned into a workplace with its own identity.

NSG drew the layout and furniture plan and proposed theming by zone: each area with its own character, from the entrance to the chill-out.

CLIENT	Omniaccess
LOCATION	Parc Bit · third floor
TYPE	Offices · furniture and theming
PLAN	Layout and furniture plan (ref. 07/08/2021)

WHAT NSG DID

- 01 Layout and furniture plan for the third floor.
- 02 Furniture boards by zone: reception, boardroom, offices, operational desks, training and terrace.
- 03 Theming boards by zone: entrance, chill-out, “urban” collaboration, cool room and “safari-jungle” sales.
- 04 Columns clad in moss and log slices; hanging gardens on the ceiling.
- 05 Upholstered circular portal framing the “Working in Unity” neon sign.
- 06 Chill-out area with palms, rugs, poufs, hanging chairs and lanterns.

CONCEPT AND MATERIALS

Every zone, its own mood.

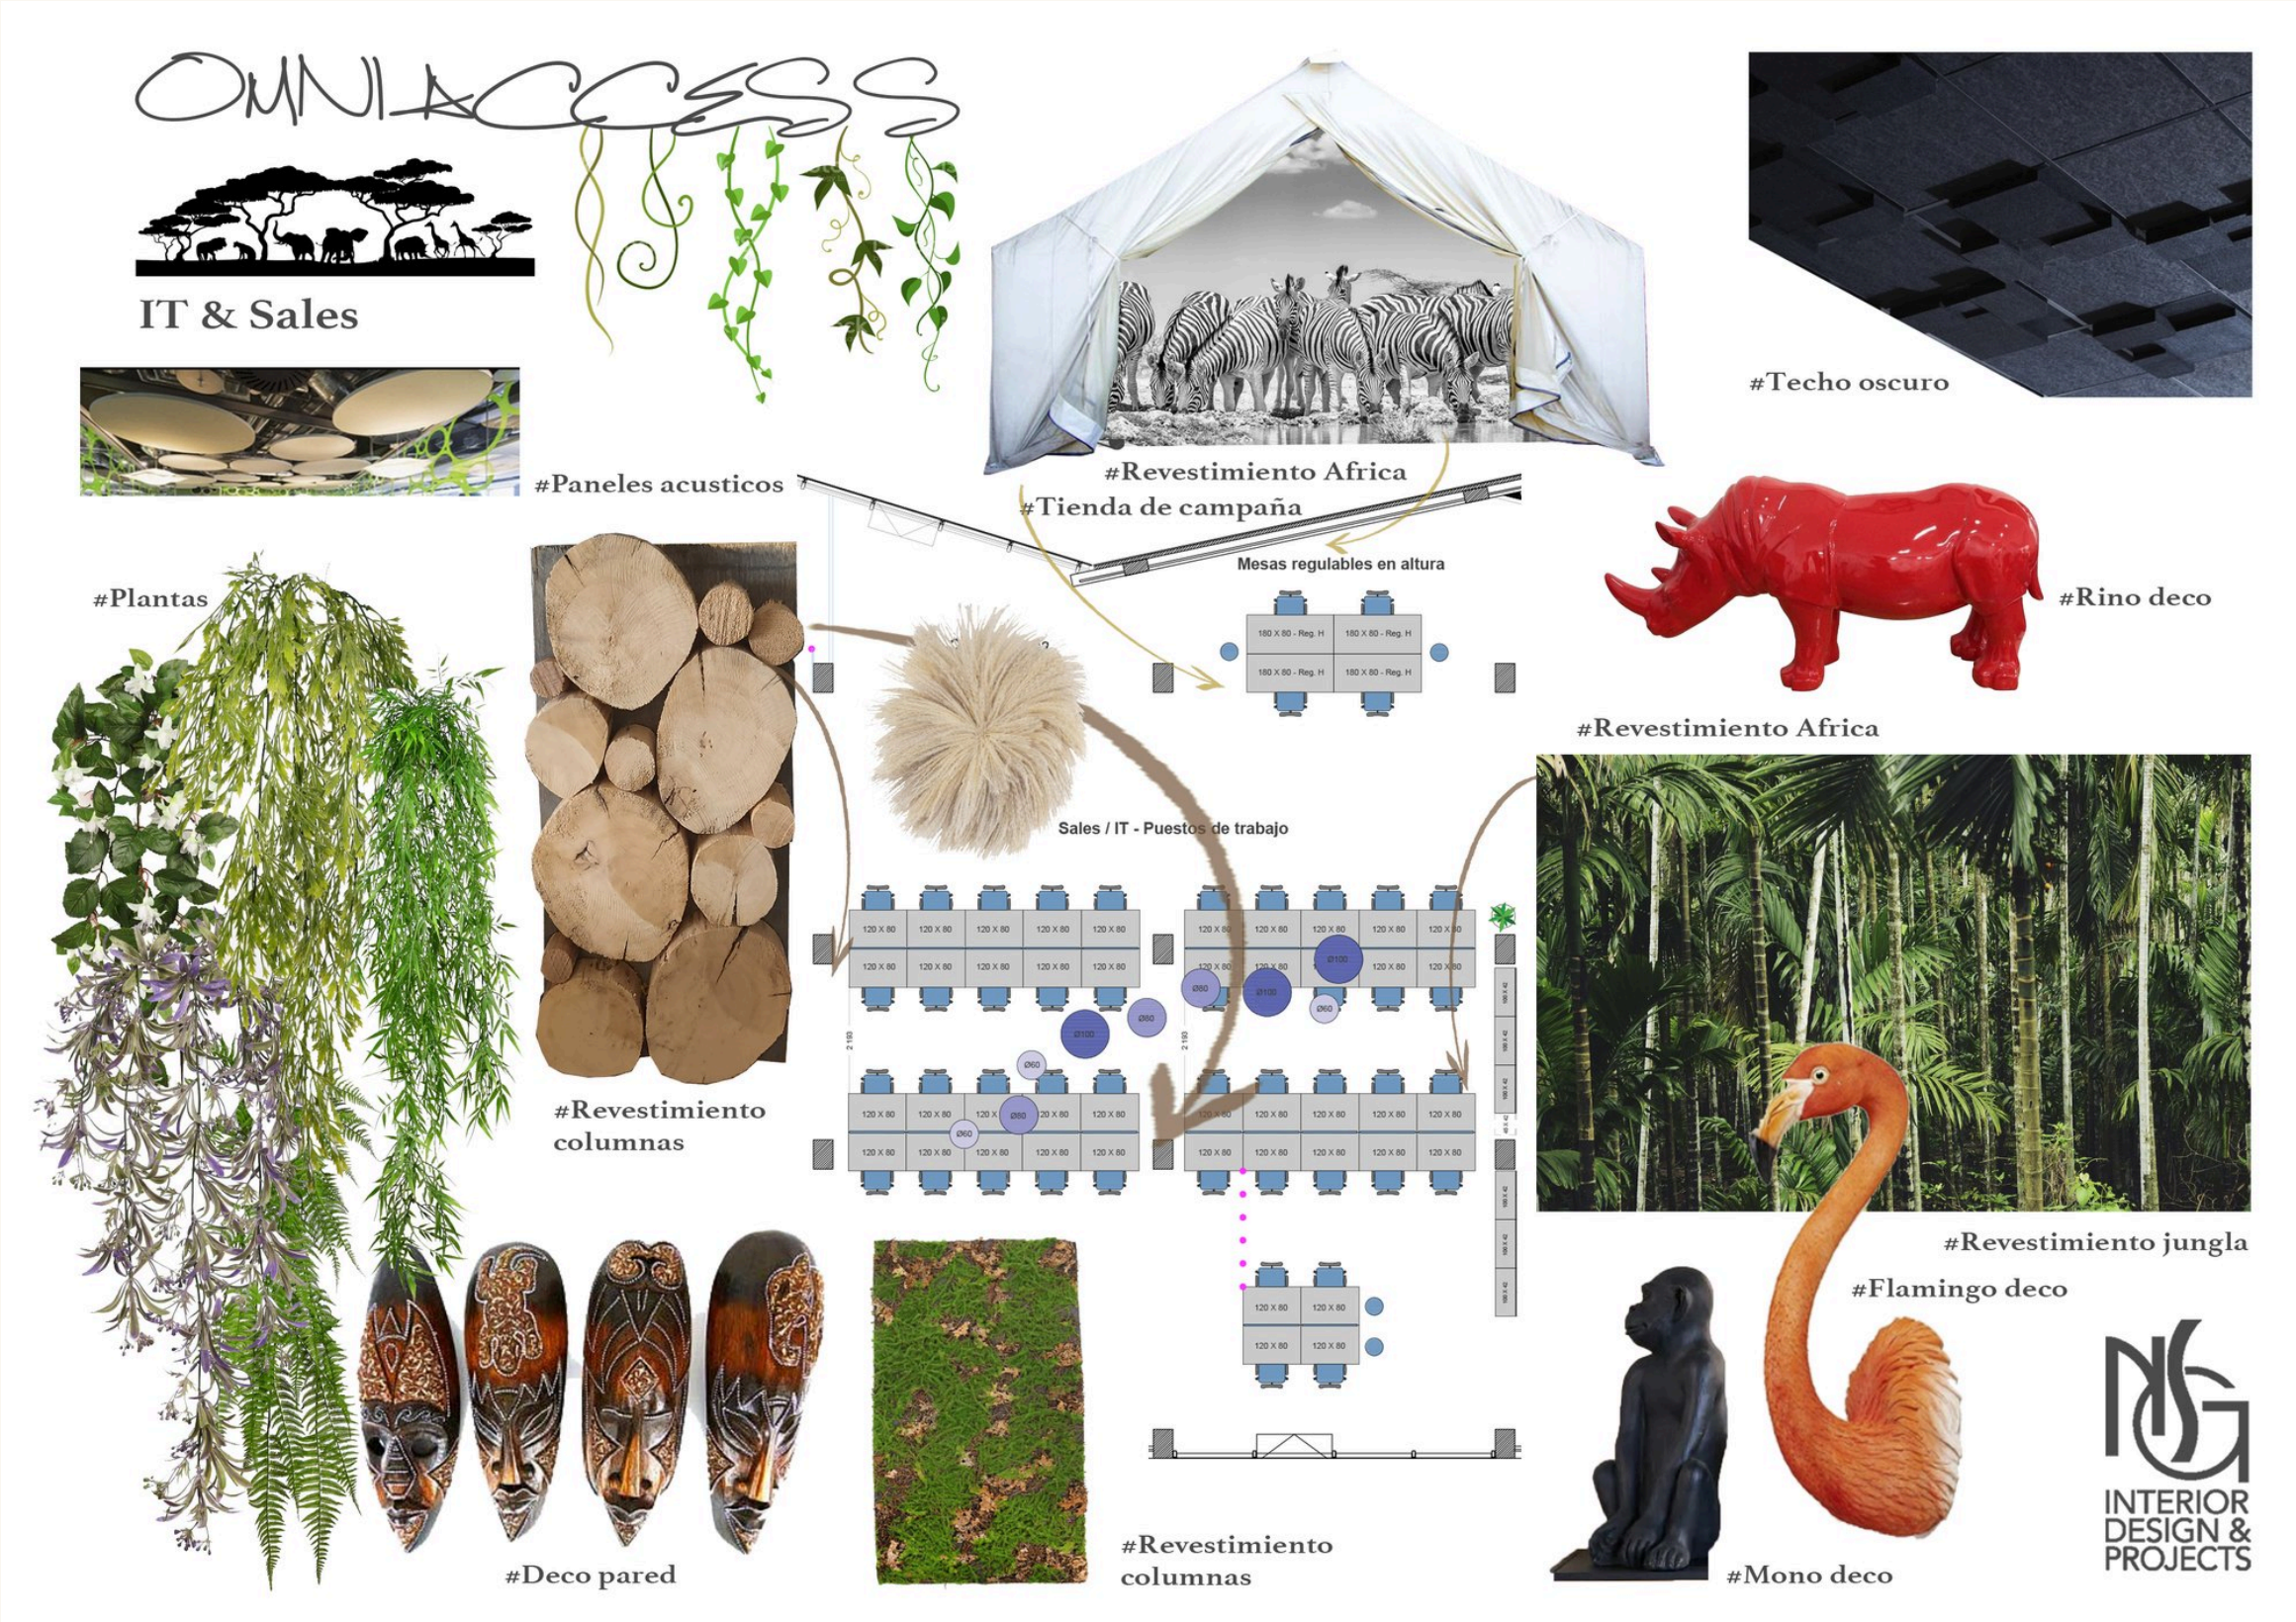

For the sales area, a jungle: hanging greenery, log and moss cladding and a forest wall mural. For collaboration, an urban feel with brick and neon. To unwind, a chill-out with rugs, poufs, hanging chairs and lanterns by the windows.
