Sol de Mallorca Living Room

One wall that changes the room.

Project dossier · NSG Interior Design & Projects

THE PROJECT

A mural as the *focal point*.

A spacious, bright living room, with grey sofas, a built-in fireplace and a plain wall with only an oak sideboard against it.

That wall becomes the focal point of the room with a large-format black-and-white mural.

LOCATION	Sol de Mallorca, Mallorca
WORK	Feature wall with mural
