colour.

Project dossier · NSG Interior Design & Projects

THE PROJECT

Mediterranean with a *boho-chic* touch.

A Mediterranean-style detached house in Residencial Abubillas, Santa Ponsa Golf: white-walled rooms, terracotta floors and timber beams, not yet painted or furnished.

NSG fully renovated the guest WC, designed the main living-room wall as the focal point and styled the whole house, from the bedrooms to the terraces.

LOCATION	Residencial Abubillas, Santa Ponsa Golf
HOME	Mediterranean-style detached house
WORK	WC renovation, TV wall and full styling
AREA	160 m²

WHAT NSG DID

- 01 Complete renovation of the guest WC in keeping with the Mediterranean style: reclaimed-timber shelves for the basin, white tiles and a touch of aqua.
- 02 Custom TV wall: LED light lines that create a sense of movement.
- 03 A system that hides the TV behind two carved rustic timber panels.
- 04 Styling of the whole home: living room, dining room, main and guest bedrooms.
- 05 Terraces with new furniture: an oak table and grey woven chairs by Quetal, a bamboo sofa, an outdoor rug and sun loungers.
- 06 Dining-room pendant by Moooi with LED lights.

CONCEPT AND MATERIALS

Light woods and colourful textiles.

A Mediterranean style with boho-chic touches: light woods, textiles in warm tones, blues and greens, bright cushions that bring freshness and carved pieces that add character. The TV disappears when not in use and the living-room wall becomes decoration.
